by the.artceram

Cultura imprenditoriale basata sul made in Italy, responsabilità sociale, attenzione ai dettagli, cura delle relazioni con la pluralità dei suoi interlocutori sono i valori che Artceram pone al centro della sua strategia di produzione e di crescita.

Dalla ridefinizione delle linee di produzione a quella degli orari di lavoro, modificati per una migliore qualità di vita dei lavoratori, fino all'utilizzo di nanotecnologie e materie prime purissime per il risparmio idrico, tutto converge alla realizzazione di prodotti portatori di qualità. Prodotti che comprendono bellezza e ricerca tecnologica, design e cura delle lavorazioni manuali, capaci di dettare mode e tendenze.

UNA STORIA DI INNOVAZIONE

Business mentality based on a “made in Italy” concept, social responsibility, care of details and respect for relationships with its interlocutors: these are the fundamental values of Artceram’s production strategy and growth policy.

Enhanced production lines, revised working hours to improve workers’ quality of life, use of nanotechnology and water-saving raw materials that are extremely pure are the factors that lead to the making of high-quality products. Elegance and technological research, design and respect for manual work characterize Artceram trend-making products.

IN UN CONTESTO SPERIMENTALE,
SI COLLOCA THE.ARTCERAM VILLAGE,
CHE RACCONTA IL “MONDO” ARTCERAM
PROMUOVENDO ARTE E TERRITORIO,
IN MODO CREATIVO E RIGOROSO,
A TRATTI PERFINO DISSACRATORIO.

ESTRO E FILOSOFIA

THE.ARTCERAM VILLAGE IS PLACED
IN AN EXPERIMENTAL CONTEXT
AND DEPICTS THE “ARTCERAM’S WORLD”
BY CREATIVELY AND RIGOROUSLY
PROMOTING ARTISTRY AND TERRITORY
EVEN IN A DESECRATING WAY.

Artceram crede fortemente che l'impresa oggi abbia nuove responsabilità sociali, nei confronti del territorio e della comunità.

La comunicazione unidirezionale non basta più e l'azienda vuole avere una relazione diretta ed empatica con chi entra in contatto con il suo mondo. Per questo, The.Artceram Village, nuova forma di mecenatismo contemporaneo e internazionale dal carattere fortemente umanistico, è come una vera e propria "casa" per coloro che si riconoscono nei suoi valori e nella sua identità. In quest'ottica, attraverso The.Artceram Village, l'azienda organizza e promuove attività ed eventi, contribuendo a creare cultura e a sviluppare un legame sempre più forte con il brand.

THE.ARTCERAM VILLAGE

Artceram believes that a modern-day company needs to have social responsibility towards the territory and communities. One-way communications don't work anymore so the main goal of this company is to create direct and empathic relationships with anyone that gets into its world. That's why The.Artceram Village – a re-shaped contemporary, international patronage with a strong liberal flavour – is like a "home" for those who identify themselves in its values and particular character. Through The.Artceram Village we organize events and activities so contributing to create culture and continuously strengthen people's passion for the brand.

The.Church

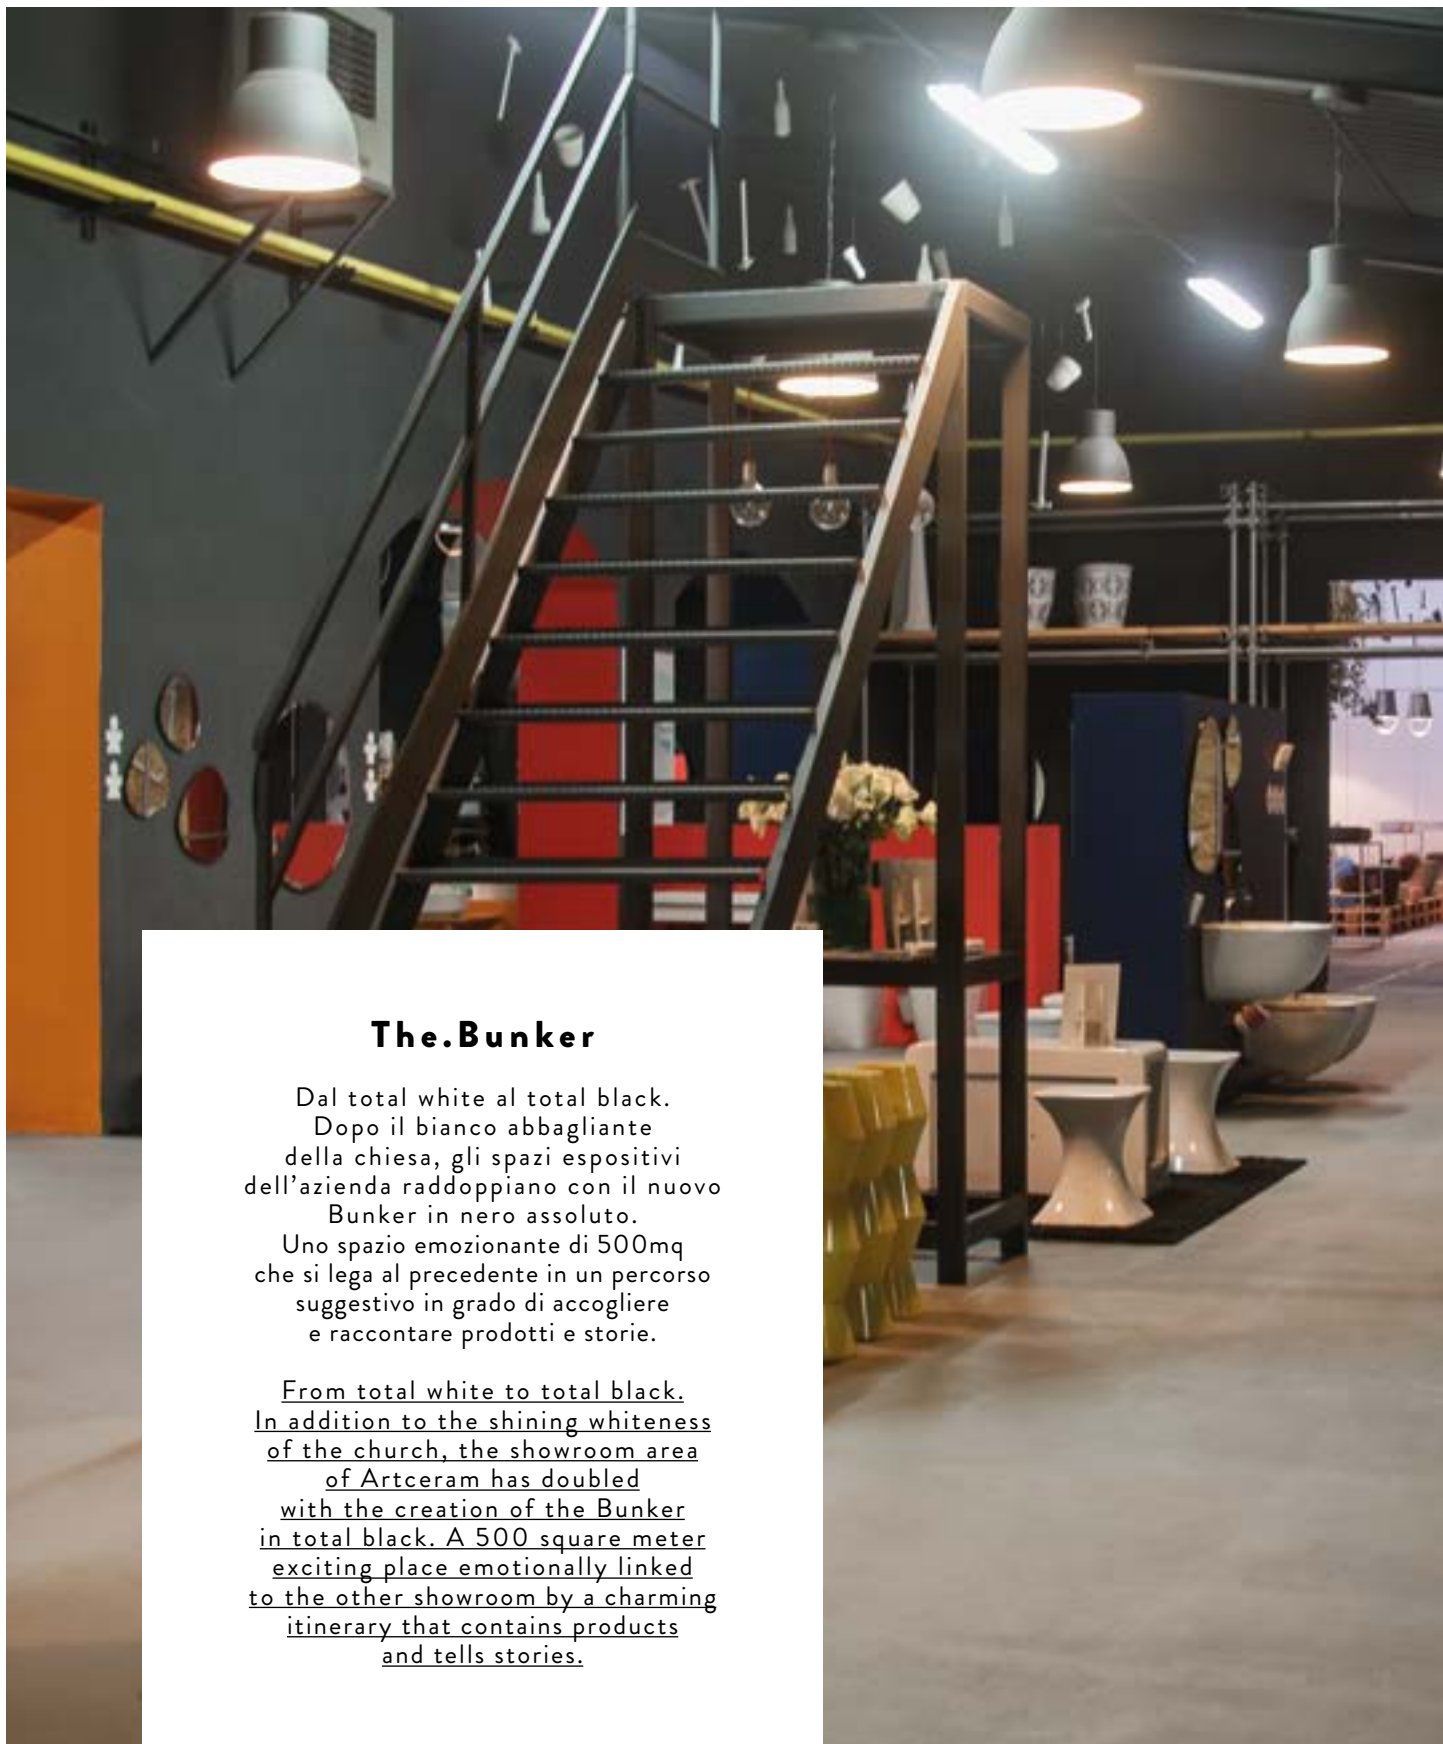

In uno spazio di oltre 550mq,
lo showroom Artceram è ricavato
da un'antica chiesa di Frati
Cappuccini del 1577.

Un luogo suggestivo nato
da una visione aziendale curiosa
e intraprendente che nella
valorizzazione del territorio
e della sua cultura individua la carta
vincente per portare
il suo Made in Italy nel mondo.

The 550 square meter showroom
located inside an old Church built
in 1577 by the Order of Friars Minor
Capuchin is a fascinating place
conceived by a curious and ingenious
company mission that makes
of the enhancement of territory
and culture its key to success
in exporting the "Made in Italy"
concept worldwide.

The.Bunker

Dal total white al total black.
Dopo il bianco abbagliante
della chiesa, gli spazi espositivi
dell'azienda raddoppiano con il nuovo
Bunker in nero assoluto.
Uno spazio emozionante di 500mq
che si lega al precedente in un percorso
suggestivo in grado di accogliere
e raccontare prodotti e storie.

From total white to total black.
In addition to the shining whiteness
of the church, the showroom area
of Artceram has doubled
with the creation of the Bunker
in total black. A 500 square meter
exciting place emotionally linked
to the other showroom by a charming
itinerary that contains products
and tells stories.

The.Garden

Il bianco immacolato della facciata della chiesa si affaccia sul verde del prato, dove elementi iconici black&white e silhouettes femminili in metallo si ergono come totem metropolitani contribuendo a creare l'atmosfera accogliente di questa fabbrica dal volto umano.

The immaculate whiteness of the church façade overlooks the greenness of the grass where iconic elements in black&white and the women silhouettes soar like city totems and contribute to the warming atmosphere of this company with a human touch.

The.Olive Grove

Accanto allo stabilimento Artceram si estende un terreno collinare di circa 10 ettari con 230 piante di ulivo. È stata creata appositamente una nuova area frantoio di 300 mq circa, che promuovere il territorio in modo creativo e dissacratorio, caratteristica che contraddistingue da Artceram. Uno spazio conviviale che si apre al verde della campagna, arredato con pezzi di recupero: taniche e pallet diventano tavoli e sedute e un container “contiene” tutti i valori aziendali. Dalle olive viene prodotto un ottimo olio, ovviamente tutto made in The.Artceram!

A hilly area of about 25 acres with 230 olive trees is next to Artceram premises where an oil mill area has been expressly created in order to further our territory in a creative and funny way that characterizes the company. A convivial space near the surrounding land all furnished with recycled materials: big cans and pallets are converted into tables and chairs while the 40' box “contains” the company core values. A very good olive oil is produced, milled and bottled by us, always respecting “the made in The.Artceram style”!

The.Loft

Nel segno del recupero di ogni ricchezza presente, The.Loft, uno spazioso e luminoso ufficio, quasi una serra incastonata nel giardino, frutto della trasformazione di una ex officina di pneumatici, diventata ambiente gradevole e funzionale, che di notte si illumina, brillando come un vero e proprio gioiello sul giardino.

The.Loft – a sign of wealth restoration
– is a roomy and bright office similar
to a greenhouse set in the garden.
Once a tyres shop, now it's been changed
into a functional and pleasant environment
that lights up and shines as a jewel
when the night comes.

DAL 2006 AD OGGI, LA SCELTA STRATEGICA
DI PUNTARE SUL DESIGN HA PORTATO
SIGNIFICATIVI RICONOSCIMENTI
INTERNAZIONALI CHE HANNO PREMIATO
L'INNOVAZIONE, LA RICERCA
E LA FRESCHEZZA DELLE PROPOSTE.

I RISULTATI

VOGUE

Designed by Meneghello Paoletti Associati

Vogue è una struttura metallica di forma circolare e dal design discreto, pensata per valorizzare i tre lavabi Ø44 Rombo, Millerighe e Atelier.

La struttura Vogue consente così di elevare questi tre lavabi a veri e propri centrostanza! Con il vantaggio di poter contare su un porta asciugamano integrato e su di una utile base di appoggio. La struttura metallica è disponibile in nero o bianco opaco, ed è possibile avere la base d'appoggio inferiore in lamiera stirata o in ceramica con le medesime finiture del lavabo posizionato sopra.

Vogue is a round metal structure with a soft design that enhances the lines of the three Ø44 basins: Rombo, Millerighe and Atelier. Vogue basically transform the three above-mentioned basins into real free-standing ones with an integrated towel holder and a useful support surface. It is also possible to have the bottom top in ceramic with the same basin finish. Available in matt white and matt black, this structure comes with a towel holder and a grilled metal sheet at the bottom.

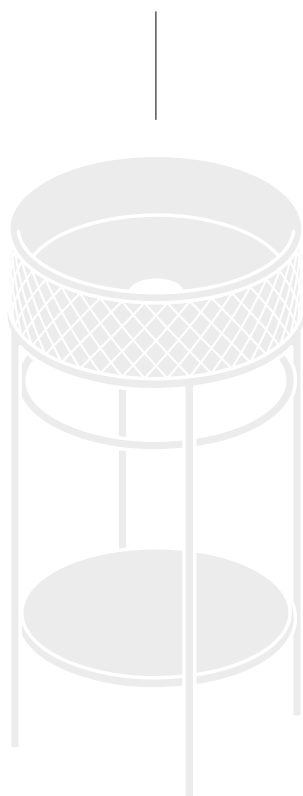

VOGUE SYSTEM

La struttura Vogue è pensata per tre lavabi.
The Vogue structure is designed for three washbasins.

FUORI SCALA

Designed by Meneghello Paoletti Associati

Guardare avanti con uno sguardo rivolto al passato, innovare rispettando le proprie radici e la propria storia. Fuori Scala è una collezione di lavabi dal design poliedrico, in grado di contaminare linguaggi e piani temporali, passato presente e futuro, dalle linee essenziali e contemporanee. Il nome Fuori Scala “guarda” alla storia di The.Artceram, all’omonimo lavabo che è stato a suo tempo sinonimo di Product Design e di innovazione formale. Grazie al profilo a bordo fino i lavabi possono essere installati da appoggio, emulando nel segno quello di una grande pentola; incassati nel top del mobile da bagno dove viene esaltato il suo caratteristico profilo a bordo fino, delineato da un bordo pronunciato e da una base di appoggio complanare; oppure su strutture in metallo dedicate. Sono disponibili due lavabi, tondo e con pianta “a biscotto”, e due lavabi rettangolari con rubinetto integrato.

A future perspective shaped by the past, innovation that respects origins and history. Fuori Scala is a new collection of basins with a versatile design that blends artistic expression and temporal planes, past, present and future, with essential and contemporary lines. The name “Fuori Scala” comes from the history of The.Artceram since the Fuori Scala basin (with the same name) represented a visible example of Product Design and Formal Innovation. Thanks to a very thin rim, the Fuori Scala basins can be installed as overtop basins – semiotically similar to a cooking pot – or as inset basins in line with the top of bathroom furniture where the evident thin rim is accentuated; or mounted on dedicated metal structures. The Fuori Scala collection include a round and an oval basins and two rectangular ones with taphole.

FLAIR

Designed by Meneghello Paoelli Associati

La struttura in metallo Flair si caratterizza per il segno decorativo essenziale ed i trend grafici contemporanei. Progettata con una funzionale barra porta salviette, integra perfettamente il sistema lavabi Cartesio fornendo una base di appoggio coordinata che riprende il motivo compositivo e la texture ceramica. Intersezioni di geometrie basilari danno vita a quattro composizioni d'arredamento alla moda, fresche e funzionali, presentate e combinate in forme diverse. Memphis e minimalismo sono i riferimenti, con colori vivaci e sfacciatamente anni'80, a dialogare con pieni e vuoti minimal di inizio secolo. Una piccola esplosione Pop prestata al mondo bagno.

Flair metal structure is characterized by an essential decorative touch and a contemporary graphic trend. Designed with a functional towel rail, it perfectly completes the Cartesio washbasin system with a top that match the design motif and ceramic texture. Simple geometrical intersections give life to four fashionable design compositions, that are both fresh and functional, presented and combined differently with their tops. Memphis and minimalism are at the core of this idea together with bright colours used in the '80 and harmonized with minimal solids and voids of the beginning of the century. A kind of Pop culture explosion in the bathroom area.

CAL002

ACA065

ONESHOT - FLAIR

FLAIR SYSTEM

Un'unica struttura di appoggio coordinabile ai quattro lavabi della collezione Cartesio;
può essere montata a dx o sx a seconda del lavabo installato.

La struttura è disponibile in due finiture, bianco e nero matt, con relativo top in marmo
nello stesso tono (marquinia o carrara). Sul piano di marmo non è possibile installare la rubinetteria.

One special dedicated structure that can be matched with the four basins of Cartesio collection;
it can be used for a left or right installation depending on the washbasin on top.

The structure comes in two finishes, matt black and matt white, also with the matching marble top
(marquinia or carrara). On the marble top a faucet cannot be installed.

Designed by Meneghello Paoelli Associati

Il lavabo sospeso T T disegnato da Meneghello Paoelli Associati riprende la caratteristica forma della trave a doppia T utilizzata in architettura per la costruzione di edifici, un riferimento all'idea che tutto il materiale esplica la sua resistenza sotto sollecitazione. Due ali a facce esterne parallele, sono collegate con un'anima perpendicolare: una faccia della T è agganciata a muro, mentre l'altra forma il bordo frontale del lavabo. Il lavabo è in Livingtec, cm 90x40. E' possibile posizionare il rubinetto a muro o in appoggio sul piano laterale. Il lavabo si completa con l'aggiunta di accessori posizionati sopra, sotto e frontalmente: ganci, barra porta asciugamani e tavoletta di legno che funziona come punto di appoggio spostabile sui bordi del lavabo.

The TT wall-hung washbasin, designed by Meneghello Paoelli Associati, reminds of the typical shape of the double-T beam used when building edifices and refers to the idea that any material shows its resistance under stress.

Two external and parallel wing-like shapes are connected by a vertical core: one face of the T is fixed to the wall while the other forms the frontal rim of this 90x40cm washbasin made in Livingtec.

The faucet can be placed on the wall or on the side of the washbasin. Various accessories can be placed on top, underneath or frontally: hooks, a towel bar and a supporting wooden tray that can move along the rims.

IL CAVALLETTO

Designed by Meneghello Paoletti Associati

Artceram negli ultimi anni ha fatto della zona lavabo il suo focus strategico, sperimentando modi originali per integrare le varie funzioni che caratterizzano quest'area: lavabo, rubinetteria, piano d'appoggio, contenitori, mensole, luce, o. Con Il Cavalletto assistiamo ad una piccola rivoluzione del mobile bagno. Fino ad ora il piano del lavabo è sempre stato concepito come un'area bidimensionale, base d'appoggio per lavabo, rubinetti ed accessori vari.

Il Cavalletto mette in linea tutti gli elementi, disponendoli in fila indiana su di una barra di ceramica sorretta da due cavalletti di legno.

Artceram always experiments original solutions to expand the functionality of the washbasin area, mixing in different ways the different functions (basin, taps and fittings, shelves, towel rails, light, mirror, ...). Il Cavalletto represent a small revolution in bathroom furniture, expanding the functionality of bathroom furnishing elements, re-arranging them into a small space. All the elements are aligned along a 16 cm deep ceramic bar supported by two wooden trestles. The elements can be moved along this line. The washbasin is placed at the center, with the faucet that can be placed on the right or the left (or on the wall). The ends of the bar contain a small ceramic shelf and Kelvin LED table lamp, co-branded with Flos with adjustable head and the switch located in the head.

CUP

Designed by Meneghello Paoletti Associati

Una citazione leggera, il lavabo centrostanza Cup é un ironico omaggio alla tazzina da caffè, icona italiana per eccellenza, espressione di un quotidiano normale dove il manico della tazza diventa un “utile” porta salviette. Un chiaro riferimento alla Pop Art che attinge provocatoriamente i propri soggetti dall’universo dell’uso e del consumismo quotidiano. Realizzato in Livingtec, nelle finiture bianca lucida o bicolore bianco&nero.

A light citation, Cup is a freestanding washbasin, an ironic tribute to the coffee cup, the Italian icon for excellence. The handle of the cup becomes a “useful” towel rail.
A clear allusion to Pop Art, which taps into its provocative subject from the universe of consumerism. Cup is made of Livingtec in white colour, or in black and white gloss finish.

SHARP

Designed by Meneghello Paoletti Associati

Sharp nasce come elemento architettonico, una colonna estrusa, messa in torsione e sfaccettata. È un progetto formalmente rigoroso, freddo e tagliente.

La rotazione del catino rispetto alla base crea una rete di punti attraverso i quali vengono costruite le otto superfici triangolari che compongono la struttura.

Sharp può essere utilizzato sia freestanding, con scarico a terra che appoggiato a parete, con scarico a muro. Il lavabo è infatti studiato in modo tale che la sfaccettatura posteriore sia complanare alla parete, consentendo così il perfetto accoppiamento lavabo-parete. La vasca completa le sfaccettature delle pareti, facendole convogliare verso lo scarico dell'acqua.

Sharp è realizzato in Livingtec nella finitura bianca lucida.

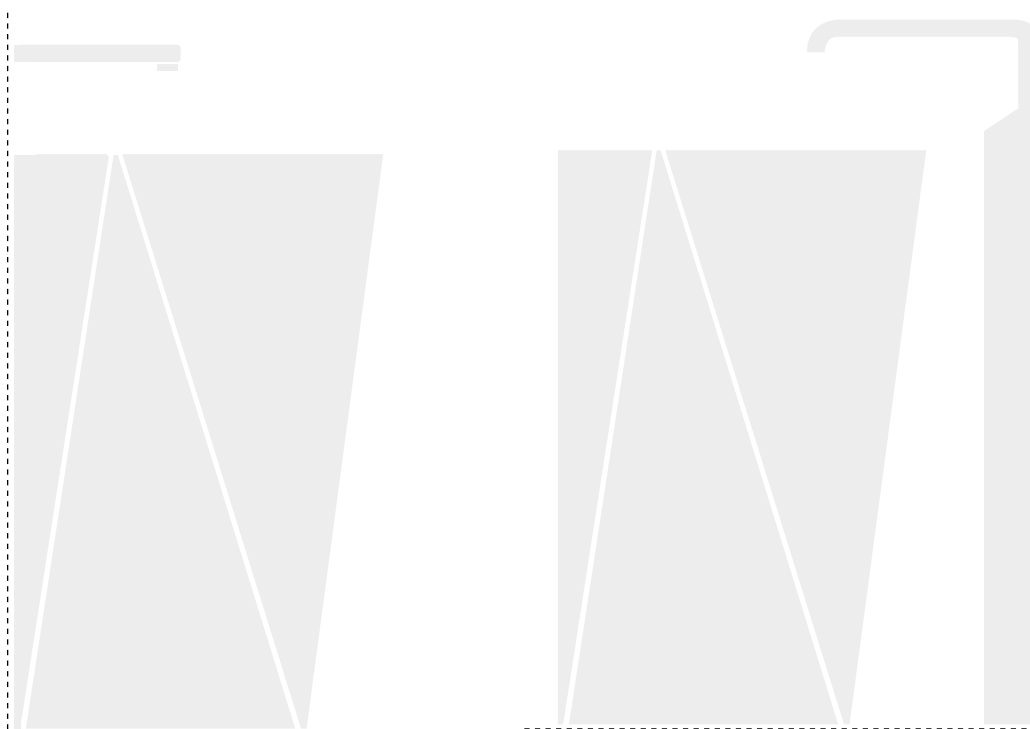

Sharp is an architectural element, an extruded column that makes a twist and splits into faces. It is a rigorous, cold and sharp washbasin. The rotation of the basin from the base creates a network of points through which the eight triangular surfaces that compose the structure are created. Sharp may be used free-standing, with the drain on the ground, and back to wall, with the drain on the wall. The design of the basin allows the back face to be parallel to the wall.

Sharp is made of Livingtec available in white gloss finish.

LA FONTANA 2.0

Designed by Meneghello Paoelli Associati

Nel 2019 Artceram ripropone due prodotti iconici della collezione La Fontana, che rappresentarono un vero e proprio punto di svolta nel percorso dell'azienda.

La colonna e l'orinatoio vengono rivisitati in una nuova versione 2.0, che si potrebbe definire "Millennial oriented", rivolta ad una clientela giovane e caratterizzata da un nuovo modo di leggere e vivere il bagno.

La filosofia alla base della nuova La Fontana è la volontà di innovare e tenersi al passo con i tempi, con un occhio al passato e senza mai perdere di vista i capisaldi del progetto originale.

In 2019 Artceram will re-launch on the market two of the most iconic items of the La Fontana collection that represented a turning point in The.Artceram pathway. The column and urinal have now a new look, a 2.0 version characterized by a "Millennial oriented" touch addressed to young people with a new bathroom perspective. The idea behind the new La Fontana is innovation, respecting the original 2006 design, but with a look at the past and the main features of the original project.

BATHTUBS

Designed by Artceram

Nuova proposta di vasche da bagno freestanding che vanno a completare le collezioni ceramiche. La vasca Neo, dalle linee morbide e neoclassiche appunto, ben si accosta alle serie Atelier e Civitas. Le altre proposte invece hanno linee più contemporanee: la Hoop è dedicata a collezioni moderne come The One e File 2.0; mentre la Square ben si presta ad essere accompagnata ai sanitari A16 ed i nuovi lavabi Fuori Scala. Le tre vasche sono disponibili in tutti i colori della gamma Artceram, per una stanza da bagno total-look!

A new offer of freestanding bathtubs that basically complete the other ceramic collections. With its soft and neo-classic lines Neo perfectly blends with the Atelier and Civitas collections. The other bathtubs have more contemporary lines: Hoop harmonizes with the modern collections The One and File 2.0 while Square goes perfectly well in combination with the A16 sanitary-ware collection and the fresh Fuori Scala basins collection. The three bathtubs can come in all the colours in Artceram range for a total-look bathroom area!

THE ONE

Designed by Meneghello Paoletti Associati

The One rappresenta un nuovo step evolutivo nel comparto della ceramica sanitaria. Bordo fino, assenza di brida e sedile senza cerniere rendono i sanitari unici e innovativi. La tecnologia rimless permette di togliere la camera ceramica e di ridurre il bordo al minimo. Segno distintivo di The One è il sedile senza cerniere (patent pending), incassato nel corpo ceramico. La tecnologia Wood-Skin® permette infatti di ricavare la copertura del wc dalla fresatura di un'unica lastra ad alta resistenza e ultrasottile, di soli 10mm. Lo sgancio è rapido, l'igiene totale. Il sedile incassato e continuo fino a parete evidenzia il bordo fino anche da chiuso, per un'estetica minimale e pulita, perfettamente coordinata al bidet. Arricchisce la collezione la consolle a bordo fino, caratterizzata da una linea elegante e morbida, forme minimali e dimensioni contenute.

"The One" represents a new evolutionary step in the ceramic field.
Rimless, thin-rim, small in size and an inset seat cover with no hinge system make
this collection absolutely revolutionary and unique.
Without the rim, this technology allows the elimination of the ceramic chamber
and the reduction of edge resulting in a bigger bowl in same dimensions.
The hallmark of "The One" is its hingless seat cover (patent pending) which is built
into the slim rim. The Wood-Skin® technology allows the creation of the seat
cover through the milling of a unique sheet, highly resistant and only 10mm slim.
Easy take off seat, total cleaning. The inset seat cover highlights the thin rim
even when closed, respecting the formal simmetry with the bidet.
The collection The.One becomes enriched through the introduction
of a new thin-rim Console characterized by elegant and soft lines, minimal shapes
and contained dimensions.

ATELIER

Designed by Meneghello Paoletti Associati

Viviamo in un mondo fantastico, in un mondo complesso caratterizzato da forti contrasti e contraddizioni. Guardiamo avanti ma siamo legati al passato. Sposiamo l'innovazione tecnologica ma siamo fedeli ad odori e sapori del passato. Melting pot e vintage sono le parole chiave che al meglio si addicono alla collezione Atelier...Appunto un atelier, un laboratorio dove presente e passato si incontrano per creare una collezione minimal-retró, caratterizzata dalla linearità delle sue forme e dalla presenza del bordo fino che si contrappongono alla iconicità e alla rotondità del suo profilo.

We live in a fantastic, many-sided world characterized by sharp contrasts and contradictions. We look at the future with a foot in the past.
We like to be technologically advanced but faithful to history.
"Melting pot" and "vintage" are the keywords for the Atelier collection, a collection where past and present perfectly blend and create Minimal-Retró lines. Linearity and thin rims in contrast with iconicity and rotundities of this creation.

CIVITAS

Designed by Meneghello Paoletti Associati

Civitas ridisegna il modello della colonna classica, icona architettonica portante, dandone una versione dal design raffinato e contemporaneo, applicato alla ceramica sanitaria. Curve e superfici ben proporzionate definiscono lo spazio in verticale. La base di forma ottagonale è caratterizzata da fasce sagomate lisce con funzione decorativa a sostegno della colonna in ceramica, vero elemento caratterizzante la collezione, su cui è appoggiato il morbido catino ovale. Un progetto ispirato ai valori della memoria e della tradizione, per una collezione senza tempo.

Civitas restyles the conception of the classical column, supporting architectural icon, by refining it and making it much more contemporary compared to what is known in the ceramic field. Balanced lines and surfaces define the vertical space. The octagonal base is characterized by smooth, shaped lines decorating the ceramic column which is the hallmark of this collection topped with a smooth oval basin. Past values and tradition are at the base of this evergreen collection.

the Artceram accessories

POSTIT

Designed by Meneghello Paoletti Associati

La collezione Postit é caratterizzata dal materiale, la ceramica, e dal mimetismo delle linee con le pareti: una parte dell'accessorio sembra infatti scomparire nel muro lasciando la sensazione che sia incassata al suo interno. Gli accessori non sono piú oramai un semplice complemento "accessorio" da aggiungere alla fine, ma sempre piú sono parte integrante del progetto, inglobati perfettamente con la struttura architettonica del bagno.

The collection is characterized by ceramics and mimetic lines with respect to the wall: one part of the accessory seems to disappear into the wall leaving the impression that it is dropped in it. The accessories are no more considered as simple "incidental" items but they become more and more the core of the project, blending harmoniously with the architectural structure of the bathroom.

I COLORI THE COLOURS

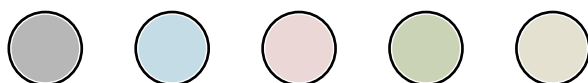

The.Artceram punta sul colore e la matericità. Sette tipologie di finiture e trentuno colori per trasformare la stanza da bagno e interpretare il mood dell'interior design contemporaneo. Nuance di tendenza e superfici materiche che rispondono ad esigenze funzionali, spaziali ed emozionali. Dal bianco e nero, a tonalità e sfumature ispirate alla natura, vivaci colori pop o delicati acquarello per personalizzare il bagno sfogando la creatività. Sabbie, Cementi e Marmi evocano la consistenza e le affascinanti sensazioni tattili dei materiali naturali.

The.Artceram aim at colours and matter. Seven different finishes and thirty-one colours to transform the bathroom area and interpret the mood of current interior design concept. Trendy nuances and matter that meet functional, space and emotional needs. Black and white, shades inspired by Nature, bright pop colours and soft Acquerello ones to customize the bathroom with creativity. Ecomalta finishes and Marble effects recall the consistency and tactile feel of natural materials.

LIVINGTEC / MATERIAL

CARATTERISTICHE, USO E MANUTENZIONE

È prodotto con un materiale compatto la sua composizione è a base idrato di allumina e una bassa percentuale di resina poliestere acrilica materiale piacevole al tatto, la sua omogeneità e brillantezza, il nero la raggiunge totalmente grazie ad un trattamento a spruzzo, prodotto da trattare con cura ed attenzione.

CONSIGLI PER LA PULIZIA

Lavare la superficie dei lavabi esclusivamente con prodotti neutri liquidi. Per riassicquare e asciugare usare: spugne non abrasive, panni morbidi o pelle di "daino".

COSE DA NON USARE

Pagliette d'acciaio, prodotti anticalcare e prodotti contenenti acidi.

TUTTI GLI ARTICOLI IN CATALOGO SONO IN FINITURA LUCIDA

CHARACTERISTICS, USE AND MAINTENANCE

The livingtec is a compact, not porous material. Its composition is based on hydrate of alumina and a small percentage of resins polyester acrylic, a material pleasant to the touch. This material is so uniform and bright thanks to a spray-treatment. Please, take care and attention.

CLEANING ADVICES

Wash the surface only with fluid neutral products; to remove soap and dry, use only not-pot scourers, soft clothes or deerskin.

DON'T USE FOR CLEANING

Wire wool, anti-limestone products and acid products.

ALL PRODUCTS IN CATALOGUE ARE IN GLOSS FINISH

- brackets for shelves in lacquered metal gray
- Wuth hardware

CONDIZIONI GENERALI DI VENDITA

DISPOSIZIONI GENERALI

Le presenti condizioni di vendita e di consegna si intendono integralmente accettate dal Committente con il conferimento dell'ordine o con il ritiro dei materiali. Vengono respinte le eventuali condizioni generali di contratto del Compratore.

ACCETTAZIONE ORDINI

Gli ordini sono da intendersi subordinati all'accettazione di Artceram.

PREZZI

I prezzi possono essere variati senza nessun preavviso e si intendono pattuiti secondo i listini in vigore al momento della consegna. I prezzi contenuti nel presente listino sono da intendersi franco fabbrica e IVA esclusa.

PAGAMENTO

I termini di pagamento si intendono tassativi e decorrono dalla data di fatturazione. I pagamenti devono essere effettuati direttamente ad Artceram presso la sua sede. Hanno effetto liberatorio solo i pagamenti in contanti. Ogni altra forma di pagamento (assegni di c/c, circolari, vaglia, cambiali, tratte, ecc.) resta a completo rischio, pericolo e spesa del Committente e, ove accettata, salvo buon fine. Qualsiasi ritardo imputabile al Committente o qualsiasi contestazione sorgesse fra le parti, anche relativamente alle garanzie concesse, non produrrà alcun prolungamento o modifica nei termini dei pagamenti convenuti ed ogni azione ed eccezione del Committente non sarà ritenuta procedibile, se lo stesso non proverà di essere in regola coi pagamenti. Nel caso di mora in qualsiasi pagamento potranno essere sospese ed annullate le forniture in corso. Decorso il termine di pagamento stabilito in fattura senza che ne sia avvenuto il regolamento, Artceram avrà la facoltà di emettere tratta a vista per l'ammontare dell'intero credito aumentato delle spese. L'eventuale ritardo nel pagamento comporterà l'addebito di interessi al tasso corrente di mercato, aumentato del 2%. Nel caso di inosservanza di uno dei termini di scadenza anche tutte le altre fatture del venditore saranno immediatamente esigibili. L'esigibilità di tutte le fatture si verifica anche nell'ipotesi in cui il venditore venga a conoscenza di altre circostanze che lascino temere una cattiva situazione finanziaria del compratore (per esempio: emissione di assegni scoperti, cambiali protestate, procedimenti di sequestro, ecc.).

TERMINI DI CONSEGNA, RITARDI O IMPEDIMENTI DI FORNITURA

Allorché viene indicato un termine di consegna, questo ha valore semplicemente informativo e non impegnativo, essendo subordinato a qualunque impreveduto. La consegna della merce si intende eseguita con la messa a disposizione della merce presso il nostro stabilimento di Civita Castellana (Italia). Interruzioni di lavoro conseguenti a cause di forza maggiore dispensano Artceram dall'osservare il termine di consegna indicato, senza peraltro dare diritto al Committente di esigere risarcimenti dovuti a danni di qualsiasi natura. La merce dovrà essere sempre ritirata dal Committente e non dovrà essere in ogni caso lasciata giacente. Le eventuali spese di giacenza, magazzinaggio, ecc. saranno comunque a carico del Committente.

TRASPORTO

Salve condizioni particolari, la merce è venduta franco nostro stabilimento ed in ogni caso viaggia a rischio e pericolo del Committente anche se resa franco destino. Sono consentite forniture parziali e anticipate. Il trasporto è a carico del Committente. Le spedizioni avvengono per conto ed incarico del Committente, il quale, in caso di avarie, rotture o ammanchi, deve notificarlo alla nostra azienda, tramite il vettore, al momento della consegna. La merce consegnata rimane di riservato dominio della venditrice fino all'avvenuto pagamento. I termini di consegna si intendono sempre indicativi ed in relazione alle possibilità del momento. Non si assume nessuna responsabilità per ritardi o mancate consegne per fatti o atti indipendenti dalla nostra volontà ed eventuali richieste di risarcimento danni per ritardi di consegna non saranno accettati.

IMBALLAGGIO

L'imballaggio viene effettuato in pallets e retraibile. Il costo dell'imballaggio è a carico del Committente, salvo patto contrario risultante dalla conferma d'ordine. A parziale recupero delle spese di imballo viene addebitato il 3%.

RESPONSABILITÀ

Artceram non dà garanzie circa l'impiego errato o inadatto della merce fornita e pertanto nessuna responsabilità potrà essere attribuita a qualsiasi titolo e nessun indennizzo potrà essere richiesto. Qualora il materiale risultasse difettoso per vizi di fabbricazione riconosciuti a seguito di accertamenti tecnici, Artceram si riserva di sostituirlo o di accreditare il valore qualora più conveniente procedere alla sua distruzione in loco. In nessun caso la responsabilità di Artceram può estendersi ai danni diretti e indiretti che dovessero derivare dalla posa in opera del materiale difettoso.

RECLAMI

Non si accettano reclami di nessun genere trascorsi otto giorni dal ricevimento della merce. Eventuali reclami dovranno essere fatti a mezzo lettera raccomandata entro tale termine. In ogni caso nessuna contestazione verrà accettata per materiali già posti in opera.

CARATTERISTICHE TECNICHE E COLORI

Artceram si riserva la facoltà di modificare le caratteristiche al fine di migliorare tecnicamente ed esteticamente il prodotto o sospendere la produzione dei modelli in qualsiasi momento senza preavviso. Pesi e misure sono da considerarsi indicativi. Le misure di installazione, riportate nei cataloghi, possono presentare differenze rispetto ai pezzi reali in considerazione delle peculiari caratteristiche di fabbricazione degli articoli in ceramica.

FORO COMPETENTE

Qualsiasi controversia fra Artceram e il Committente sarà di competenza soltanto del Foro di Viterbo (Italia), esclusa qualsiasi altra deroga, anche nel caso di chiamata in giudizio per garanzia, connessione, contingenza di lite.

GENERAL SALES CONDITIONS

GENERAL CONDITIONS

The present conditions of sale and delivery are considered as fully accepted by the Purchaser upon the order or the collection of the goods. Any general conditions of sale of the Purchaser are rejected.

ACCEPTANCE OF ORDERS

The orders are anyway subject to the prior consent of Artceram.

PRICES

Prices may be charged without notice and are agreed according to the price list in force on delivery. The prices of the present price list are meant ex factory and don't include V.A.T.

PAYMENT

Payment terms must be strictly respected starting from the invoice date. Payments should be made directly to Artceram at its headquarter. Only cash payment will free from the debt. Any other form of payment (current account cheques, bank draft, money orders, bills, draft and so on) is accepted under reserve and remains at the Purchaser's risk, peril and expenses. Any delay caused by the Purchaser or should any dispute arise between the parties as to the guarantees granted will not result in an extension or change of the terms of payment agreed upon and any Purchaser's action and exception will not be considered as prosecutable if the Purchaser does not prove to be up-to-date with his payments. In case of delay in any payment the supplies under way may be interrupted or cancelled. If no payments has been received within the terms set up in the invoice, Artceram will be authorized to issue a sight draft for the total amount of its credit plus the relevant expenses. Any possible delay in the payment will result in the charge of interest at the market current rate plus 2%. In case of failure to meet one of the payment dates the seller will be entitled to demand immediate payment of all other invoices. Payment of all the invoices may also be demanded if the seller receives information about others circumstances which may indicate that the purchaser's financial situation is not sound (for example: issue of bouncing cheques, protested bills of exchange, attached proceeding).

DELIVERY TERMS, DELAYS OR OBSTACLES IN SUPPLY

When a delivery terms is stated, such term is given only for information purpose and is not binding since it is subject to any kind of contingency. Delivery is considered as being completed when the goods are available at our factory in Civita Castellana (Italy). Work stoppage resulting from act of God will exempt Artceram from the observance of the delivery term stated without giving the Purchaser the right to claim for any kind of damages. The goods shall always be collected and shall not remain in stock for any reason. Any stock or storage expenses or other costs will be charged to the Customer.

CARRIAGE

Except for particular condition, goods are delivered ex factory and travel at Purchaser's risk even when they are delivered free port of destination. Partial supplies and early supply are permitted. The cost of transport is at Customer charge. Shipment are made on behalf of the buyer. In case of damages, breakages and shortages, the buyer has to notify to our firm through the carrier at the moment of the delivery. The supplier is the owner of the delivered goods up to the due payment. Terms of delivery are subject to variations and depending to the possibilities of the moment. Our firm is not responsible for any delay or missing deliveries caused by any facts independent of our will and any claim for reimbursement for any delay that may occur in delivery will not be accepted.

PACKAGING

The packaging is made in pallets and shrink. The cost of the packaging is charged to the Purchaser, unless otherwise agreed upon as specified in the order confirmation. We charge of 3% for freights of packaging.

LIABILITY

Artceram gives no guarantee against the improper or wrong use of the goods supplied, consequently no liability may be imputed to it for any reason and no damages may be claimed for. Should the material be supplied turn out to be faulty for manufacturing defects being acknowledged after technical checks, Artceram reserves the right to replace it or to credit its value if the destruction on site of the goods is deemed to be more convenient. The liability of Artceram can in no case be extended to the direct and consequential damages which could result from the installation of faulty material.

COMPLAINS

No complain of any kind will be accepted after eight days from the receipt of the goods. Possible complains should be made through a registered letter within such term. In any case no objection will be accepted for already installed material.

TECHNICAL FEATURES AND COLORS

Artceram reserves the right to change the features of its products in order to improve them from the technical and aesthetic viewpoint or to interrupt the production of certain models in any time without notice. Weight and measures are given only for information purposes. Discrepancies may be found between the dimensions shown in the catalogues and the real pieces because of the manufacturing characteristics of the articles in ceramic.

COMPETENT COURT

Any dispute between Artceram and the Purchaser will be settled only by the Court of Viterbo (Italy), with no exception to such rule, even in case of summons for guarantee, consolidation of actions or lawsuit contingency.
